## **ASEAN ENGINEERING REGISTER (AER) – Notes for application**

The ASEAN Federation of Engineering Organisations (AFEO) Governing Board at its meeting in Vientiane, Lao PDR in June 2011, have agreed to expand the ASEAN **Engineers** Register (AER) into the ASEAN **Engineering** Register (AER) to include the registration of the entire engineering team comprising the Engineers, Engineering Technologists, Technicians and related Associates.

### **Objectives of the AER**

- i. To facilitate the mobility and professional practice of Engineers, Engineering Technologists, Technicians and related Associates within the ASEAN ambit by establishing a framework of mutual recognition of qualifications amongst the ASEAN member countries whereby AER registered Engineers, Engineering Technologists, Technicians and related Associates who wish to take up employment, do business and/or practice outside their home Institution/country may carry with them an approved and recognized professional/semiprofessional qualification;
- ii. To safeguard and promote the professional interests of Engineers, Engineering Technologists, Technicians and related Associates;
- iii. To establish a database of the capability profiles of AER registered Engineers, Engineering Technologists, Technicians and related Associates in order that prospective employers from member countries may engage their services.
- iv. To uphold the quality and standing of AER registered Engineers, Engineering Technologists, Technicians and related Associates by facilitating and implementing continuous improvement through the setting, monitoring and reviewing of standards;
- v. To promote cultural and professional links among members of the engineering profession within ASEAN;
- vi. To enhance the wealth creation process of ASEAN countries.

### **AER Admission Requirements (approved by AFEO Governing Board June 2011)**

The minimum requirements for an applicant to be admitted into the AER are as stated below:

#### **(A) ASEAN ENGINEER (AE)**

#### **(B) ASEAN ENGINEERING TECHNOLOGIST (AET)**

- i. MUST possess an Engineering/Engineering Technologist degree recognized by the home institution/country;
- ii. MUST be a full member of the Engineering or Technological Association and licensed to practice in the home institution/country; and
- iii. MUST have a minimum of seven (7) years post-graduate working experience in an engineering environment, of which a minimum of two (2) years will be of substantial charge.

#### **(C) ASEAN TECHNICIAN (AT)**

- i. MUST possess an Engineering Technologist diploma recognized by the home country. Such diploma programs must be able to meet the requirements of the Dublin Accord or equivalent;
- ii. MUST be a full member of the Engineering or Technological Association and licensed to work in home institution/country;
- iii. MUST have a minimum of seven (7) years post-qualification working experience in an engineering environment, of which a minimum two (2) years will be of substantial charge; or  
For candidate with a certificate in

Engineering or Technical Association

## **ASEAN ENGINEERING REGISTER (AER) – Notes for application**

### **AER Application Procedure**

Kindly complete the application form overleaf, and submit it together with 1 copy of a recent passport photograph (n.r.) with your name written at the back of the photograph, along with the required remittance for the Entrance Fee & Subscription Fee to your respective Home Engineering Organisation or Technical Association. On successful registration with the AER, you will then be provided with a username and password to update your personal particulars, experience and capability profile in your database. This database will be open to 'searches' on the world wide web.
