Chairman, Young Engineers' PUJA (B)**

A Short Message from PUJA (B) Young Engineer's Chairman – Farhan Hariz Dr Hisham

My Sincere apologies for not being able to attend this year's YEAFEO Board Meeting especially this year being my first term as PUJA (B) Young Engineer's Chairman. My absence is due to unforeseeable working commitments with Brunei's Mega Project, the Brunei Temburong Bridge.

I have considered the YEAFEO Group to be a part of my family from my first YEAFEO meeting in Jakarta 3 years ago.

I wish all member countries of the YEAFEO Group to have a fruitful meeting this year with decisions being made for the benefit of YEAFEO for many years to come. Hope to see you all during next year's YEAFEO Midterm and YEAFEO Board Meeting at CAFEO 35
