

AFEO Midterm Meeting 2019

AEI Boiler, EIT

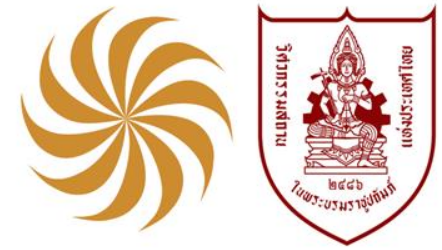

- Assoc. Prof. Dr. Jarruwat Charoensuk -

- Chairman of AEI Boiler, EIT -

30 April – 2 May 2019
The Centre Point Hotel Gadong,
Bandar Ser Begawan
Brunei Darussalam

AEI Boiler

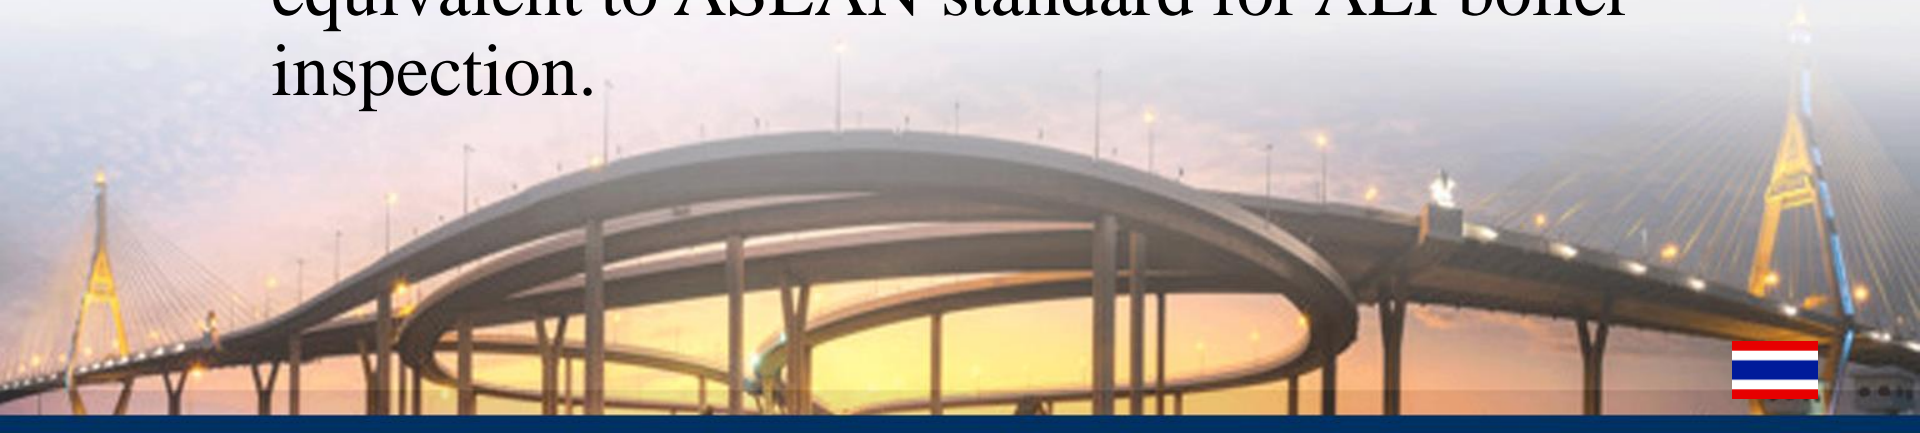

- The meeting in Singapore
 - It was concluded that the secretary of AEI boiler would issue a guideline for boiler inspection based on code of practice in Philippines.
 - The document will be sent to member countries for comparison. Each country will use this document to compare with their codes of practices and seek for resolution in future meetings.

Thailand's Progress on AEI Boiler

- EIT standard
 - Standard for inspection of fire tube boiler has been released by EIT in May 2019.
 - It covers inspection of hybrid boilers firing solid biomass which are widely used in Thailand.
 - EIT is planning to propose this standard being equivalent to ASEAN standard for AEI boiler inspection.

Thank you
